## MEXICAN BELLIGERENTS AT NACO PAY NO HEED TO U. S. WARNING

Bullets Continue to Come Over  
Border; Villa's Army Is  
Reported Beaten

[Associated Press by Federal Wireles]  
WASHINGTON, D. C., Dec. 16.—Fighting was reported last night from two different places in Mexico, while at Naco a score of bullets were fired into American territory, despite the announcement of Gen. Maytorena that he would obey the orders of Provisional President Gutierrez to "cease the attack rather than jeopardize international relations, and to refrain from further fighting until the situation would obviate the necessity of firing over into American territory." Smallpox has broken out among the Mexicans at Naco, two cases being isolated. Advice yesterday from Mexico City says that 150 Mexicans who were once prominent citizens have been secretly

executed. Having cast their lot with the various factions they lost all they had with the varying fortunes of the different leaders, and had incurred the hostility of the present party in power. Despatches from Brownsville, Tex., report that General Caballero, with a big Carranza force, has defeated and routed a Villa army which was advancing upon Tampico. The battle is reported to have been the hottest engagement since the resumption of hostilities. The defeated Villa army is fleeing with Caballero in close pursuit. Although his troops were defeated in this engagement, Villa was personally active elsewhere, and yesterday captured the city of Guadalajara, capital of the state of Jalisco, according to telegrams received from El Paso. Reliable information was received here yesterday to the effect that Luis Cabrera has been appointed Carranza's secretary of the treasury.

## 30-DAY VACATION STORY CAUSED SOLDIERS JOY—THEN GLOOM!

Schofield Barracks, Dec. 7. Editor Honolulu Star-Bulletin: Sir:—About a month ago there appeared in a Honolulu newspaper an article which made every soldier reader stand to attention. The dope was this: There was a chance that all the soldiers on the island would be given a 30-day vacation. A certain general over in the states had given the men under his command a month of rest, with no drill and no fatigue not absolutely necessary. The inference was that the commander of the Hawaiian department might follow the example of his brother general and give his men 30 Sabbaths in a row.

The article was probably used as a filler—this appears to be the case in the light of subsequent events—but, coming at the psychological moment, it was mistaken for the real goods. Some feet and tired legs had worked together and succeeded in planting a grouch in the person of even the most optimistic. When one has been hitting for hours in a narrow avenue between two towering walls of sugar cane, pausing only when the officers' horses needed a rest, in a lane where every bit of breeze was excluded and where the rays of the sun maneuvered overtime, he has need of cheering news. A month of rest appeared just then to be the most desirable thing in the world.

The first man who came across the article did his work well. Within five minutes the news was all over camp. That Gen. Carter had definitely promised a 30-day vacation to his men in Oahu. If any soldier were skeptical he could easily confirm the rumor by his neighbor in the next tent. Enlisted men are not especially "easy" nor as a rule do they allow their credulity to overrule their better judgment; but this happened to be the exact time for making suckers of them. They wanted this thing to happen, the paper had said it might happen, and they wanted to believe it would happen.

In their leisure hours soldiers often cultivate their talents until they become polished, accomplished liars. They do not prevaricate maliciously,

but merely with a view to making the time pass pleasantly. When a man has won the distinction of being the biggest liar in his company he tries to wear his honors with lightness and not become puffed up with vanity. But it did not occur to him that a newspaper man might run that story for a filler, or because it was good reading. Alas, the sad awakening.

When maneuvers were over did that 30-day rest materialize? Oh, no, indeed. The Great Guava War began promptly and raged violently for weeks. Gloom could be quarried from the air in blocks of any desired size. Occasionally a soldier would pause long enough in his work of decimating the enemy to remark to his nearest friend, "Say, Jack, how do you like this 30-day rest we're havin'?" And Jack's answer was never fit for publication. So, you newspaper men, if you detect signs of hostilities against you on the part of one of Uncle Sam's boys, remember this little spiel and know the reason: He thinks you have betrayed his young confidence.

## HONOLULU PEOPLE ARE STALLED ON DESERT IN NEVADA OVERNIGHT

With their machine stalled in the midst of a desert 35 miles from Austin, Nevada, and with little to eat and night coming on, Mr. and Mrs. E. A. Mulford of Honolulu met with an unpleasant delay while en route from Salt Lake City to San Francisco by automobile recently, according to the Austin Revere.

The Revere says: "Their machine went dead and night came on. Their supplies consisted of one can of beans. They spent the night on the desert and suffered severely from the cold. A sagebrush fire served to alleviate the pains of the frost, but Mrs. Mulford found the chorus of the coyotes to be the hardest to stand. They were picked up by a passing auto and brought to Austin where, fully refreshed, they looked upon their mishap as not altogether an undesirable adventure."

## WILSON OBJECTS TO THE PROPOSED LITERACY TEST

[Associated Press by Federal Wireles]  
WASHINGTON, D. C., Dec. 16.—President Wilson yesterday let it be made public that he was opposed to that section of the proposed new immigration legislation that imposed a literacy test upon those desiring to enter the country for residence, this being one of the sections of the bill most singled out for attack during previous sessions of Congress. The president states that the "quality" of the immigrant can not be determined through an examination into his or her ability to read or write.

## SURGEON BLUE FOR NATIONAL LEPROSARIUM

[Associated Press by Federal Wireles]  
WASHINGTON, D. C., Dec. 16.—Surgeon-General Blue, in a report of the public health service to Congress, makes a recommendation that the federal government establish and maintain a national leprosarium, to be conducted under the public health bureau. In discussing the general leprosy situation, he reports that there are 146 known cases of leprosy in the mainland United States.

## NEVER TOO LATE FOR GOOD GIFTS AT ARLEIGH'S

No matter what the personality of the party you have just thought of to add to your Christmas list, you can be sure of getting a fine present for her or him at Arleigh's. Of course the stock of books, cards, seals, folders, calendars, etc., has been somewhat depleted, but there are still excellent choices.—Adv.

The Boise national forest in Idaho had 30 fires during the past summer, yet 28 were held down to less than 10 acres, and of these 15 were less than one-quarter of an acre. The supervisor says this success was due to a lookout tower, and to efficient telephone and heliograph service.

## ROCKHILL WAS ON IMPORTANT LOAN MISSION

[Associated Press by Federal Wireles]  
SAN FRANCISCO, Cal., Dec. 16.—W. W. Rockhill, the special Chinese counselor, who died last week in Honolulu, was returning to China after having been in the United States upon a mission of the greatest importance to the republic of China. It has just been learned that Mr. Rockhill's mission was to induce American financiers to take over the \$125,000,000 loan which had been arranged for with German, English, Japanese and Russian bankers in April, 1913. It has come to light that France notified China that the French loan would be abrogated unless Germany was excluded from participation. England and Russia supported the French demand and sought to destroy the German financial and commercial standing in China. When the present European war broke out, the Chinese finances were in a precarious condition, owing to the inability of the contracting powers to fulfill their agreements. President Yuan Shih-Kai, being helpless to relieve the situation, sent Mr. Rockhill to the United States to try and have the entire loan transferred to American bankers.

## A HAPPY CHILD IN JUST A FEW HOURS

When cross, constipated or if feverish give "California Syrup of Figs" then don't worry. Mothers can rest, after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish, and stomach disordered. When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it cannot cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies' children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.—advertisement.

## CABINET TO SEND WARSHIPS TO CANAL ZONE

[Associated Press by Federal Wireles]  
WASHINGTON, D. C., Dec. 16.—At a cabinet meeting yesterday, presided over by the president, it was decided to despatch a number of warships to Panama to protect the canal and adjacent waters from further violations of neutrality on the part of belligerent vessels. The number and the kind of ships will be determined after a full report of the situation is made by Col. Goethals, his cabled requests for destroyers not having fully specified the nature of the un-neutral acts complained of.

## MAJ.-GEN. WOOD DECLARES FOR MILITIA UNDER FEDERAL CONTROL

[Associated Press by Federal Wireles]  
NEW YORK, N. Y., Dec. 16.—Major-General Leonard Wood, former chief of staff, and Henry Stimson, former secretary of war, addressed the members of the New York Merchants' Association last night, each urging that the business men represented in the association support the effort towards an adequate increase in the regular army and the steps being made to place the country in a position for self-defense. Both speakers dwelt upon the necessity for the organization of a dependable volunteer army through such work as has been carried on in a limited way in the college training camps. Federal control of the militia instead of state control, as at present, was advanced as one means whereby the condition of militia affairs complained of by the war department could be met and remedied.

## CHILD BORN AFTER DEATH OF MOTHER

[Associated Press by Federal Wireles]  
NEW YORK, N. Y., Dec. 16.—For the second time in the history of the medical profession of this city a child was born in a local hospital yesterday after death had come to the mother. Birth had been delayed and the Caesarian operation had been decided upon as the only means whereby the mother and child had a chance for life. The mother died shortly after the operation had been begun and 15 minutes before the babe was removed from the body. Thirty-three years ago, when Mrs. A. F. Franz of Westchester, Wash., was a girl, she swallowed a needle. Recently the needle made its appearance in her left leg and was removed.
